## July Comp

The day was a beautiful winters day with air and water temperatures at 18°C. The surf was small at 3-4 feet. The wind or slight breeze was offshore for most of the comp. It was a great day to be at Shelly. A good wave with a long wall appeared in some heats but you had to be lucky. Unbelievable but true: a new, heavy duty jockey wheel has been attached to the Club trailer at last. Thanks to Finno (or is it Flanno? He does have a certain dress style.) and Ben for the good work.

Photos 1,2+3 of Mike Vanderwyk at the recent Loggerheads Comp at Scotts Head. Mike missed out on the Semis but by the look of the waves, he had a great time.

## Xmas in July

A great night at the Golfy which was organised very well by our Social Committee. Excellent food, complementary wine and top entertainment! The Sing out Sisters sang first with a variety of tune including some Christmas Carols. Chad Hayden and band have matured into a great rock outfit. The lead singer can achieve a big range and together The band played to the end of the proceedings. Jill grabbed a board in the board draw, a nice new 9'4" Nat Young model. (lucky Graham!) The second board, a 9" Bic was won by Paul Wright. It looked really good leaning on the wall until Paul went for a drink and it seemed to disappear for a while. Al Tomsen made the occasion more memorable by fronting up with his Xmas haircut. Looks like he got his moneys worth!

**C**ystal Clear Plumbing. The Club welcomes on board as a new sponsor, Troy Cuthbert. If you need any plumbing solution, then see Troy for a professional job on a wide range of services.

"I can't concentrate this early without a heart starter"

Papal procession taken at Bondi. Enough said...

NEWSLETTER AUGUST 2008

HARDER, BETTER, FASTER, STRONGER

## Presidents Report August 2008 Olympics Special Edition

Greetings fellow surf ratz.

Just a short report this months as I have been working flat out since Crescent Head without a day off, except for weekends and the odd Monday or Friday.

The July comp, although a little cold, featured almost record number of competitors with 11 heats run in both rounds with quite surfable conditions throughout the day.

It was good to see Matt Maloney bring along his son Zac to surf in the comp. He would probably be the youngest we have ever had compete, go mini "Tatts".

Now for a bit of housekeeping; we need to remind everyone of the judging responsibilities of all competitors. The system we have is quite simple, **surf your heat, miss a heat, judge the next heat** and don't go off free surfing until you have complied. If you can't judge or have to go somewhere, tell someone at the scoring table or get someone to judge for you.

How good was Xmas in July, great food, and great entertainment by the 'Singit Sistas'. Great music courtesy of Chad Hayden's band and great company with a full roll up on the night.

Congratulations to the raffle winners. The boards went to Paul Wright and Jull Knott. Thanks to Trent for the prizes he organises for every function we have. Special thanks to the Social Committee; Barney, Andy, Julie, Janice and Graham for organising and putting on a great night. Lots of work goes into these social events so it was good to see all the club members who supported the night. If you weren't there, you were square.

Spotted coming out of the surf at North Shelly was the Fox with 2 halves of one very sad looking 9 ft Bic (see photos). Rumour has it, that his mate, Aldo came up from Sydney looking for a surf and talked the Fox into going out at North Shelly in a good-sized swell "ouch"! Looks like 50-year-old peer pressure has cost him a trip to Sydney and new \$1,300 TufLite.

What is it with Secretaries and Panty Hose. Big'n had some explaining to do as to why he was seen going into the bush at Birdie Beach with a pair of pantyhose in his hand, me thinks he was caught short after discovering the surf was bigger than he thought and the toilets were too far way in the other car park.

There will be more waves for everyone over the next couple of months as Mick Vanderwyck will be out of the water after an ankle operation. Seriously, the club wishes Mick all the best and hopes he has a speedy recovery.

A few of the crew are off to Bonny Hills on 15<sup>th</sup> August for the nineteenth annual Mal Muster. Should be a good comp and an even better weekend.

Don't forget to mark the 21<sup>st</sup> September on your calendar. This is the annual charity interclub with Ocean Beach Malibu Club. We won last year, so need a good roll up to ensure another win. That's all folks. Cheers Robbo.
